EDUCATION

Bachelor of Engineering (Computer Engineering), Mumbai University — Expected 2025
Thadomal Shahani Engineering College — CGPA: 8.7/10

PROJECTS

BookMyDoc-Prescripto (Node.js, ReactJS, MongoDB, Stripe, JWT) (See Project) (Admin) (User):
Developed a multi-role appointment booking system with separate logins for patients, doctors, and admins. Features include patient appointment scheduling, doctor dashboards for managing appointments and earnings, and admin management of doctors and appointments. Integrated online payment gateway for appointment fees.

ThreadUp (Node.js, ReactJS, MongoDB, JWT) (See Project) (Admin) (User) (Demo):
Developed a platform for apparel recycling, donation, and disposal, enabling admins to manage centers, users, and submissions through a secure dashboard with session management and analytics for tracking donations.

RepoX (Node.js, ReactJS, Github API) (See Project) (Live):
Created an interactive GitHub Analytics Dashboard using custom APIs and GitHub API to fetch and display user and repository data, optimized for performance and handling API rate limits.

Feastify (MERN, Stripe, JWT) (See Project) (Live) (Demo):
Built a responsive food delivery platform using React and Node.js, with Stripe integration for payments, JWT for secure authentication, and features like cart management, order placement, and an admin panel for managing food items.

PrepFusion (Python, OCR, ReactJS, ML, LLM, Llama2, SVM) (See Project) (Demo):
Developed an educational platform providing access to 300+ past year questions categorized by modules, featuring an AI chatbot that uses an SVM model to analyze images and predict chapter and subject relevance with 94% accuracy.

EXPERIENCE

Full Stack Developer Intern — Feb 2024 - Jul 2024
Progressive Techno Systems — *India*

- Developed, tested, and deployed new features on web applications using JavaScript, and React.
- Implemented RESTful API endpoints with Node.js and Express, analyzed user feedback, and implemented design changes based on customer requirements.

SKILLS

Languages	C/C++, Python, JavaScript
Frontend	React.js, TailwindCSS
Backend	Node.js, Express.js, MongoDB, MySQL
Familiar	DSA, GenAI, OCR, Selenium, Automation(StockMarket)
WebDev Tools	Git, GitHub, Postman, API Development

HOBBIES & PROFESSIONAL DEVELOPMENT

- Passionate about playing cricket, fostering teamwork and discipline.
- Actively learning Appwrite for backend development, Next.js, and TypeScript to enhance my development skills.
